

Spalding Parish Church of England Day School

At the heart of our diverse community, striving for excellence, enabling all to achieve their highest potential.

28th June 2024

Dear Parent/Carer,

Year 2 DT – Term 6

This term in DT we will be making freestanding structures using our learning on using joins and other techniques to strengthen. It would be brilliant if you have any of the following materials that could be sent into school with your child in week 6 of this term:

- Collapsed cereal boxes or other cardboard boxes that can be broken down.
- Cardboard tubes from empty kitchen rolls or wrapping paper (please no toilet rolls for hygiene purposes).

We will of course have some of these items in school already to support with this project but the more of these items we have, the more imaginative and inventive their freestanding structures will be.

We greatly appreciate any support you can give.

Kind regards

Aaron Robinson, Claire Hearth and Danielle Owen
Year 2 Team.
